WHY THIS DATE

November 9, 2018

- It's the same early-November slot *Thor: The Dark World* held. It's a week after Fox's *Bohemian Rhapsody* and a week ahead of *Fantastic Beasts*, and the November slot is already an MGU tradition after *Green with Evil*.

01 • TITLE: REAL AND DECOY

White Ranger 2, shot as Cat's Cradle

- **Real title:** *White Ranger 2*.
- **Decoy title:** *Cat's Cradle*. It reads like a mystery and quietly hides Katherine's spell.

02 • WHOSE FILM IT IS

Tommy Oliver, the White Ranger

- Tommy as leader, and as Kimberly's partner, at the moment both are tested.
- **Faithfulness lock:** Kimberly's exit and Kat's arrival as the Pink Ranger play out exactly as in canon.

03 • WHEN AND WHERE IT'S SET

MGU Year Three: spring 2015

- **Where:** Angel Grove (Angel Grove High, the Youth Center, Ernie's), the Command Center and the vault beneath it, the Moon, and Florida for Kimberly's Pan Global tryout.

04 • WHAT IT'S ABOUT

The enemy in the Youth Center

- New student **Katherine Hillard** befriends the team. She's under Rita's spell and can take the form of a cat to spy, as in canon. She steals **Kimberly's Power Coin**, and Kimberly weakens without it.
- Tommy gains the **Falconzord**, his own Ninja Zord, as Rita and Zedd turn up the pressure. At the same time, Kimberly gets the chance of a lifetime: training with coach Gunther Schmidt for the **Pan Global Games**.
- Zordon reveals what's hidden beneath the Command Center: the **Zeo Crystal**, one of the most powerful forces in the universe, which beings would kill for.
- **Climax:** the spell breaks, and Kat chooses the light. The Falconzord and the Ninja Megazord fight together for the first time.
- **Ending:** Kimberly leaves for the Pan Global Games and passes her power to **Kat, the new Pink Ranger**, as in canon. Tommy lets her go.

05 • VILLAIN / ANTAGONIST

Rita and Zedd, with Kat as their weapon

- **Rita Repulsa and Lord Zedd** together, with Rita's spell turning Kat into the enemy inside the team. Rito, Goldar, the Tengu and Zedd's monsters back them up.

06 • POST-CREDITS SCENES

Two scenes

- **Mid-credits: "Father."** Rita, desperate, sends a message to the M51 galaxy. A reply rumbles back: her father, **Master Vile**, is coming, and he's heard about the Zeo Crystal. This sets up *Blue Ranger 2*.
- **End-credits: "Golden."** In Florida, Kimberly lands a perfect routine as Gunther cheers.

07 • SETTING UP THE BIG BAD

The crystal

- The Zeo Crystal is introduced as an Infinity-class power. Zordon admits, for the first time, that there are beings far greater than Rita and Zedd who would use it to conquer the universe. It's the first time Zordon has spoken about the watcher's level of evil.

08 • ITS OWN WORLD-BUILDING

Tommy's world

- The Falconzord, Kat's spell and her cat form, the Tommy-and-Kimberly relationship, and the Pan Global Games.

The rules every later film builds on

- **The Zeo Crystal** becomes the MacGuffin for the rest of Phase 2 and the source of Phase 3's Zeo powers.
- **Kat** joins the team for the rest of the saga.
- **Master Vile** is set up.

10 • ITS ROLE IN PHASE 2

How it moves the phase forward

- It turns over another original Ranger, introduces the crystal the rest of the phase revolves around, and sets up the villain who will take the Rangers' world apart.

This is a fictional, alternate-history development document created for creative purposes. Characters and events follow the original Power Rangers television series (Mighty Morphin through Zeo).
