

Space Ranger

The film of KO-35. It plays the role *Black Panther* played for Marvel: a hidden world of Rangers, its heir, and the family wound that defines him.

Field	Detail
Release date	Friday, February 24, 2023
Distributor	Walt Disney Studios Motion Pictures (20th Century Studios label)
Rating / runtime	PG-13 / 160 minutes
Real title	Space Ranger
Decoy title	Colony
Whose film it is	Andros of KO-35, the Red Space Ranger

WHY THIS CHARACTER AND THIS DATE

Andros fills the Black Panther role.

- **KO-35 is the MGU's Wakanda.** It's a colony world where Ranger power is part of the culture and whose people have telekinetic abilities, as in canon. **Andros** is its protector and heir. His defining wound is the canon kidnapping of his sister **Karone** when they were children.
- **The date:** late February like *Black Panther*, the week after *Quantumania*.

01 • TITLE: REAL AND DECOY

Space Ranger, shot as Colony

- **Real title:** *Space Ranger*.
- **Decoy title:** *Colony*. It sounds like a frontier drama and hides KO-35.

02 • WHOSE FILM IT IS

Andros

- Andros, with his best friend **Zhane** and the ship's AI **DECA**.
- **Faithfulness lock:** Karone's kidnapping by Darkonda, Zhane's injury and cryo-sleep, and KO-35's fall all follow canon. The film tells the backstory canon only describes.

03 • WHEN AND WHERE IT'S SET

KO-35, from Andros's childhood through 2017

- KO-35, the Astro Megaship, and deep space, ending just before *Chase into Space*.

04 • WHAT IT'S ABOUT

The heir of KO-35

- **Prologue:** on KO-35, the bounty hunter **Darkonda** takes young Karone, as in canon. Andros spends the rest of his life searching for her.
- **Present:** Dark Specter's forces fall on KO-35. Zhane, the Silver Ranger, is gravely wounded saving Andros and has to be frozen in cryo-sleep. The colonists scatter.
- Andros, now the last active Ranger of KO-35, takes the **Astro Megaship** and DECA and starts a war on his own.
- **Ending:** deep in space, the Megaship picks up a human shuttle heading toward Dark Specter's territory. Andros watches it come.

05 • VILLAIN / ANTAGONIST

Darkonda

- **Darkonda**, the bounty hunter who took Karone, at full canon power, and the enemy Andros has the most personal reason to hate.

06 • POST-CREDITS SCENES

Two scenes

- **Mid-credits: "The Silver Sleeper."** Zhane's cryo-pod sits in the Megaship's hold. His hand twitches.
- **End-credits: "The Princess."** In the Dark Fortress, a young woman with a cold stare trains with **Ecliptor**. This sets up *Astronema*.

07 • SETTING UP THE BIG BAD

KO-35's fall

- KO-35's destruction shows what Dark Specter does to worlds that resist him: what Earth is about to face.

08 • ITS OWN WORLD-BUILDING

KO-35

- KO-35, its telekinetic people, the Astro Megaship and DECA, and Zhane.

09 • MGU WORLD-BUILDING

The rules every later film builds on

- **Andros and the Astro powers** are ready for the finale.
- **Karone's kidnapping** plants the twist that pays off in *Countdown*.

How it moves the phase forward

- It brings the In Space era's hero onto the board just before the war begins.

This is a fictional, alternate-history development document created for creative purposes. Characters and events follow the original Power Rangers television series (Mighty Morphin through In Space, plus the 1997 Turbo film). Where canon is silent, the film fills the gap without contradicting it.
