

Astronema

The MGU's story of a stolen identity. It plays the role *Captain Marvel* played for Marvel: a woman raised by the enemy, cut off from who she really is.

Field	Detail
Release date	Friday, March 8, 2024, five years to the day after Captain Marvel
Distributor	Walt Disney Studios Motion Pictures (20th Century Studios label)
Rating / runtime	PG-13 / 150 minutes
Real title	Astronema
Decoy title	Changeling
Whose film it is	Astronema, Princess of Evil, born Karone of KO-35

WHY THIS CHARACTER AND THIS DATE

Astronema fills the Captain Marvel role.

- **Captain Marvel's story is Astronema's canon story.** Carol Danvers was a human raised by the Kree who didn't know who she was. Astronema is Karone, Andros's sister, kidnapped as a child and raised by Ecliptor to serve Dark Specter. In the canon finale, Zordon's wave restores her, and she later becomes the Pink Galaxy Ranger. She's the MGU's most powerful character still waiting to be revealed.
- **The date:** early March, seven weeks before *Countdown*. That's the same gap Marvel left between *Captain Marvel* and *Endgame*.

01 • TITLE: REAL AND DECOY

Astronema, shot as Changeling

- **Real title:** *Astronema*.
- **Decoy title:** *Changeling*. It sounds like a fairy-tale thriller and hides the stolen child.

02 • WHOSE FILM IT IS

Astronema / Karone

- **Faithfulness lock:** her kidnapping by Darkonda, her upbringing by Ecliptor, and her crowning by Dark Specter follow canon. Her full turn is saved for its canon payoff in *Countdown*.

03 • WHEN AND WHERE IT'S SET

KO-35 in the past, then the Dark Fortress, through 2018

- Like *Captain Marvel's* 1990s setting, most of the film takes place in the past, ending at her crowning in *Chase into Space*.

04 • WHAT IT'S ABOUT

Who is she?

- Young Karone is taken from KO-35 by Darkonda and handed to **Ecliptor**, who raises her with real loyalty but serves an evil master.
- She grows into **Astronema**: brilliant, ruthless and powerful. Dark Specter grooms her as his heir.
- Fragments of memory get through: a boy's voice, a colony sky, a name she doesn't recognize.
- **Ending**: she pushes the memories away and accepts the crown, the moment seen in *Chase into Space*, now from her side.

05 • VILLAIN / ANTAGONIST

Dark Specter and Darkonda

- **Darkonda** took her. **Dark Specter** shaped her. Both are at full canon power.

06 • POST-CREDITS SCENES

Two scenes

- **Mid-credits: "The Brother."** Present day. Astronema sees the Red Space Ranger on her screen and touches her temple without knowing why. This sets up *Countdown*.
- **End-credits: "Ecliptor."** Ecliptor, alone, looks at a child's drawing he has kept for years.

07 • SETTING UP THE BIG BAD

His heir

- It shows how Dark Specter builds his empire: by stealing children and remaking them. That makes his defeat in *Countdown* personal.

08 • ITS OWN WORLD-BUILDING

The Dark Fortress

- The Dark Fortress, Ecliptor's fatherhood, Quantrons, and Astronema's power.

09 • MGU WORLD-BUILDING

The rules every later film builds on

- **Karone's future** as a Ranger in the next saga is set up.

How it moves the phase forward

- It loads the emotional charge that goes off when Zordon's wave hits.

This is a fictional, alternate-history development document created for creative purposes. Characters and events follow the original Power Rangers television series (Mighty Morphin through In Space, plus the 1997 Turbo film). Where canon is silent, the film fills the gap without contradicting it.
